Hello. We are a small family, looking for someone to take a family photo for Christmas gifts to family and friends. We are not into the cheesy posed photos, and more interested in candid shots. We do have a dog and it would be nice to have her in the photo too. I am looking for a student to help someone learn and give an opportunity to someone who perhaps wouldn't get a similar opportunity. We are pretty "normal" relatively speaking, and have some ideas for our shoot but would love to hear other ideas. When responding, please include what you charge, and any questions you might.
