Medical Billing Services: Medical Billing, Medical Coding (CPC, COC), Physician Fee Schedule, Credentialing, Medical Transcription, Account Recovery, Denial Management, Practice Management and More

When was the last time your physician fee schedule was updated? Has it been more than one year? Do you know that you can indirectly negatively affect your bottom line, by neglecting to update your physician fee schedule?

Montebello Medical Billing Services is a medical billing, consulting and practice management service. Our company has more than 35 years of experience. Our medical billing services include claims processing, payment posting, charge entry, denial management, practice management, physician fee schedule, CPT-4 & ICD-9 procedure and diagnosis code(s) research with report, credentialing, medical transcription, consulting, in-house staff training, and HIPAA trainings.

We also offer Free A/R reviews, and Free Cost Analysis for all of our prospective clients. So, even if you don't plan on outsourcing your medical billing services, you can still receive a Free Review. When you decide to try out our services you will not regret it. No contract is required. We want you to experience first hand, the value of Montebello Medical Billing Services.

Please visit us at <http://www.montebellobilling.com> for more information and contact information. You are also more than welcome to send me an email and I will promptly respond.
