Location **Missouri**

Moving Tuesday to Chicago. Really like the couch but don't think I can fit it in the trailer. NO, there aren't any bed bugs or any other bugs for that matter (always a concern when buying furniture off of craigslist. Still has 1 year left on its 3 year Ashley warranty.

Also for sale is a nice microwave (\$30) comes with grill feature. And queen size bed with wood frame (\$300) never used without protective cover. No bed bugs here either. LEAVING TUEADAY FOR!
