We have 2 project troopers 1000\$ each.

Both are identical

4x4. Auto v6 runs great .. Light hit in the front on one 160k miles

tranny wont shift up. Have to move the shifter all the way to low and shift as you go.

The other tranny has issues, with a fully rebuilt motor, less then 100k miles

100% complete but might part it out with the right offer for the drivetrain

Call
