Qualified, Experienced At Home Child Care Provider With Openings (South Portland)
 Hello there, I am a 37 year old woman looking to provide childcare for one or a few, up to 6 children in my own (non-smoking) home. I am a certified PCA/PSS (Personal Care Attendant) as well as a CNA (Certified Nursing Attendant) with many years working in the Home Health Aid field. I am CPR and First Aid certified and have taken Early Childhood Development courses also. I have worked with many personalities as well as Autism, ADD, ADHD among other disabilities. I am very patient and caring with little ones and take very good care of them as if they were my own! My home is located in a very convenient area of town. I am flexible with your situation as far as hours and finances. I have THE LOWEST RATES AROUND!!! I am available all types of hours and situations including snow days, vacations, weekends, holidays and emergencies. I have NEVER CLOSED. I have excellent references and a very comfortable home with cable television, a dvd player for your kids' movies, etc., a huge kitchen with large table and chairs, 2 bedrooms for napping and playing. Also a plethora of toys to suit all ages, boys or girls. You are more than welcome to provide your own snacks and meals as well as toys or activities for your child if you wish. In order to keep my rates as low as possible, my children's Parents are very happy to provide their snacks, lunches, etc. I do not, however accept any type or form of subsidy or child care supplement. Please contact me via this ad FMI and provide me with your name and phone number to call and discuss. I am looking to take one or a few children into my group and your child is guaranteed to be safe with me at all times! If you are interested, please do contact me as it is a much more hands on situation and cheaper than the typical "Daycare Machine"! :) Thank you for reading my ad and I look forward to hearing from you all. Have a wonderful day!
