Omg! Everybody needs to know the cat circus is in town. Get tickets for 20 bucks. It is on Congress Street in Portland until the 23rd. They have a cat rock band with a chicken and website. Here is a video. I want it to do well because I want it to come back again some day. Cutest thing ever and all cats are rescued cats. One cat even has
Guinness book record for longest cat jump. Thank you!! This is
something you may never have another chance to see. Great story to tell friends & family. This keeps telling me my description isn't long enough so I hope it is now.
