I bought a TV and got a free Xbox one. I already have one so here it is. It's a 500Gb Xbox one Master Chief Collection Bundle. Includes 500gb Xbox one console, controller, batteries, HDMI cable, download for the Master Chief collection (all 4 halo games), and headset. This Xbox one is sealed and never opened. Just picked it up today at best buy (8-09-2015) and I can show you the receipt to prove it. I'm asking \$325 firm. Nothing lower. That's \$50 lower than best buy for this unopened Xbox One. Please email if interested. Meeting in Essex, Dundalk, Rosedale, White Marsh.
