Lucy has tons of personality in her cute, petite kitten body. She is absolutely hilarious when she plays. My favorite thing is when she gets ahold of a toy and growls and runs around with it. She also loves to pounce on the dog's tail and has no fear doing so! She is a brave little girl, absolutely fearless. She is the most talented fly catcher with her high jumps and accurate pouncing and will leave your home fly free. She won't initiate cuddling, like her brother Ricky, but she will oblige you until something else catches her attention or she falls asleep.

Lucy is great with other cats, dogs and small children. She gets along with everybody. She is completely litter box trained. She has the most beautiful spots that I've ever seen on a kitten and is a petite thing, a pound smaller than her litter mate Ricky. She will make a wonderful companion and a great family pet.

Lucy's adoption fee of \$99.00 includes spay, microchip, vaccines, worming, and testing for feline leukemia and FIV.
