

I need lawn mowedtrimmed (Catonsville)

Location **Maryland**

I have a rental property that needs the lawn mowed and trimmed. The lot is about 0.2 acres. The lawn is more overgrown than the pictures show. The pictures just give you an idea of the yard size. The backyard is all clover and about 8 inches tall. The front is about the same and has some tall weeds to pull/trim down. I would guess it takes no more than 3 hours to clean up. I need this asap. Please text with an estimate.!
