Hello and congratulations on your upcoming wedding. We know that planning for your wedding event can be joyous, and sometimes stressful. We understand that one of the most important choices to consider is who you are going to hire to photograph your big day. This can be stressful and also very expensive. So, our team has come up with the perfect all-inclusive wedding photo package on the market today to help ease some of the pressure.

This is a \$500 all-inclusive Package that will include, 1-2 professional photographers, up to 6 hours of coverage, a complete CD/flash drive with all of your photos (so that you can print as many copies as you like), up to 400 4x6 preselected photos for you to build your perfect album, professional editing to all photos taken, and a custom built website for you, so that you can share your photos with friends and family. We are also willing to travel with-in 100 mile at no extra cost. Thank you for taking the time to look at our ad, and please feel free to contact us with any questions that you might have or to reserve a date.

Best regards,  
 Chris Kors Photo Team.
