We are a professional couple in the North End looking for someone to watch our 7- and 4-year-old girls at our home during the school year, approximately 3:00 to 5:30, three or four days a week. Duties would include picking them up from school, taking them to the park, giving snack, and engaging them in activities at home. We are looking for someone who has or is working toward a degree in education, child development or a related field. College students who meet this qualification are encouraged to apply. We are also looking for someone comfortable with caring for kids in a screen-free home (we do not permit TV, computers, phones, etc), and comfortable in a vegetarian home. Spanish speaking is preferred, but not essential; there is extra compensation if you are fluent and able to teach some Spanish. Please contact me if you are.
