New in the package, reversible crate cover, Says it fits crates 30"L X 19"W X 21"T

Like 2- designs-in-one.....one way has a solid tan color with stripes on the top. The other has brown stripes around the sides & a solid tan top. See pictures to see the different patterns. These quickly & easily turn a wire crate into a stress free cozy den for your dog, just slip it over the crate. It has a front door flap that can be held open (up) with Velcro. (It was opened just long enough to check it out, as you can tell in the pictures)...from a smoke free home.

Asking \$10 (2 are pictured, but one has sold, so I only have the one left, but they were identical).....

Call Debbie at 939-2036.....Phone calls only. I am located off of Hwy 55, approx. 4 miles north of State.
