Up for sale is this Ricoh printer that I was going to use but ended up buying a different printer. Waited too long for the return so now its my lost and your gain for this printer. If you see this item listed then its still up for sale.
Detailed item info

Product Information

The Aficio GX3000 stands for exceptional quality and maximum performance. Consistently clear, waterproof and sunlight resistant prints with an amazing gamut of colours: and the GX3000 produces them in next to no time.
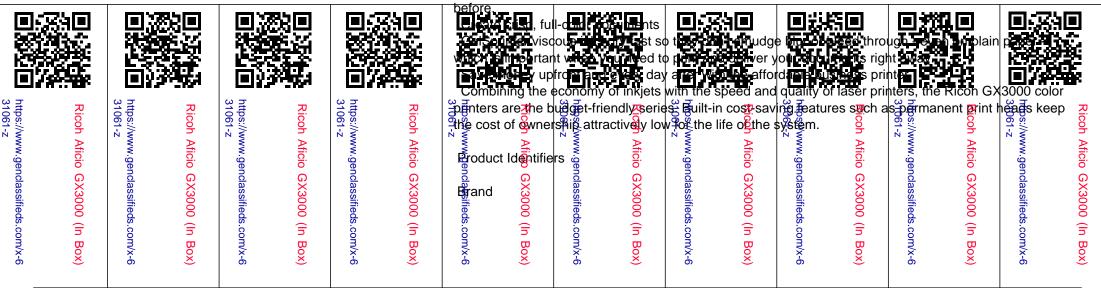

Product Features

Fast color printing for less
Color adds impact, attracts attention and emphasizes critical facts. The Ricoh GX3000 series gives you the speed and quality of other color printers for a fraction of the cost. Now you don't have to settle for dull, black and white documents. And you don't have to sacrifice your budget either.
Speed up production
Perfect for small offices or workgroups, the Ricoh GX3000 series' advanced GelSprinter technology prints 29 and 30 pages per minute in color or black and white - you'll get more done, faster than ever before.

Deliver fast, full-color documents
Inks are so viscous and dry fast so they won't smudge or bleed through - even on plain paper, which is important when you need to print and deliver your documents right away.
Save money upfront and each day after with this affordable business printer.
Combining the economy of inkjets with the speed and quality of laser printers, the Ricoh GX3000 color printers are the budget-friendly series. Built-in cost-saving features such as permanent print heads keep the cost of ownership attractively low for the life of the system.
