I do professional "detailed" house cleaning every clean. I have 10+ yrs experience of residential cleaning including 6 yrs in the St. Louis area. My experience includes "detailing" & "staging" homes going on the market via realtors, along with "room inspector" for a respected major hotel. I have weekly & bi-weekly slots available. I have several satisfied clients both past & present as references. I'm trustworthy, reliable, & great with kids & animals. The average homes that I clean range from 1500-2600sq ft. My rates are very affordable in comparison to some of the other ads I have seen on craigslist. I charge a reasonable fee. (not "an arm & a leg"!:) I have impeccable organizational skills (with a "trained-eye" for perfection), if you need something straitened out, or organized. I'm your gal!

Please reply to this post with the sz of your home & the area you live in. (Please specify if you would be wanting a weekly or bi-weekly).
