These are like new Ice Grip 205/55/16 studded snow tires mounted on very good condition 16" Mag rims. They were on my 2003 BMW 325xi and will fit all BMW cars using 16" rims and a similar tire size. I sold my car and these won't fit my new car which has 17" rims. These are awesome tires that are only 2 months old, are balanced perfectly and will get you anywhere even in icy weather. New price was over \$1100 for the four with rims. Buy these and you will have summer and winter tires and.
