 Extras needed for a student film with high production values set to shoot this August 17th -20th with a Brazilian award winning director, and a crew of 19 that includes a drone operator; we are set to really make this film something big! We will take you from Shelter Island by boat to a shoreline where the scene will take place.

 These characters play a crucial role, and strong facial expressions are needed.

 SCENE DESCRIPTION: These five characters, dressed in uniquely identifying outfits, are utilized within scene 16, where our protagonist, Adam, meets people from his life that have already passed, or transitioned into the next stage. Adam is greeted on the beach one by one with warmth, tears, smiles and reassurance as Adam exchanges greetings. It will be a beautiful film and we want you to be a part of our team!
