I'm looking for women who would enjoy doing a flashing / upskirt photo shoot. I'd really prefer amateurs please.

Hi, You DON"T have to be a professional model (prefer you were not) , just willing to have some fun posing.

Not about sex..just about photos. Many of the shots won't need to have your face showing, just great flashing pics, upskirt peeks indoors and if possible outdoors too.

If you are willing to give it a try, please send a couple of photos, tell me about yourself and send me your contact information.
