I understand how important it is to know that your children are in a comfortable, safe, clean environment. I was a foster parent for the state of California for 7 years and also drove the school bus for Clark County School District.

I am a licensed Child Care provider by the State of Nevada. I have a sheriff's card, health permit, and a health card, and I also am CPR/First aid certified. I have 3 alternates that live in home and aslo have their sheriff's card and health card. We have taken all the classes needed to give the parents a perfect child care for their children. My home has been inspected by the Health Department, Fire Department and Building for the children's safety. I have FBI background checks as well as my alternates. We are also TB tested. I live in a safe and decent neighborhood and my home is a non-smoking environment.
