2008 Big Dog Ridgeback Chopper
117 Cubic Inch S&S motor
Baker 6-speed transmission
Factory LED turn signals
BLACK in Color

2600 MILES (LOW)

2-Keys

CLEAN title, no accidents

ADD ONS:

Has been fitted with the updated battery box side mounts (issue with this era ridged Big Dogs)

AMSOIL air filter (washable/ reusable), new 100 miles ago.

FULL oil change/service (engine oil, filter, transmission oil, primary oil) adjusted clutch

Big Dog Battery

Big Dog factory ratchet straps - 2 with soft touch handlebar pads

This is a RIGID, it rides rather smooth though with the large (330mm) rear tire. This bike will flat out RUN. No 2-up seat, no passenger pegs.

I am the second owner. Bought this from the original owner not too long ago. I saw a copy of the MSO

and Bill of sale on this bike new from a Big Dog dealer. I had been talking to the original owner on this bike for a while so I decided to buy it. It was the only one I saw for sale and it was the only one I looked at. It was a nice looking bike, a Big Dog, and it was exactly what I needed. I was looking for a bike that was in good condition and was as low as possible. This bike is sharp and the BLACK/CHROME make it really stand out. It is almost 9 feet long and is a joy to ride. There are no scratches (few swirls in paint that would buff out), broken or non-working parts on this bike.
