Hello I currently have 10 (2 already spoken for) German shepherd pups born on the 4th of July. These adorable little pups have been home raised, socialized, and have been around many kids. I personally have taken care of these pups with the help my two sons who have a love for the breed. Their parents have great temperament and have straight backs, by far the best dogs I have ever owned. There is a non negotiable re-homing fee of \$500 and a mandatory 50% down payment so I can hold one for you. They will be ready for pick up on September 12th. You can contact me at six36-six27-one521. Please make the calls around 2pm-8pm, if I don't answer leave a voice message at the same number. I look forward to having one of our pups join your family. These pups also have German.
