Up for sale is new (out of box/floor model) quarter stack. It's Mesa/Boogie's 5:50 Plus amp head and Mesa recto 2x12 cab with wheels. Amp cover and footswitch too! Never gigged, never left the house, smoke/animal free home. Only had for few weeks I'm the original owner. I will also toss in my pedaltrain-1 board and case for the asking price. The quarter stack is over \$2000+ tax. Things come up and I tragically need to part with it.
