I live in Nashua NH and I work month on month off and in that time love to draw, paint, write, build and create.

I need skills in a creative technological platform. I have been trying to learn using webinars and videos, but I learn better in person.

I am looking for a teacher / coach / tutor to work with me in Adobe Illustrator and eventually Photoshop and maybe some other platforms as become more proficient, but I want to start with Illustrator.

I am looking to hire someone hourly and I am flexible in when I can meet. Pay will be 20\$ an hour, but I am willing to negotiate if it can be justified.

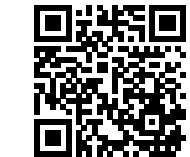

I look forward to hearing from you!
