

General labor wanted for small projects (Willow Spring)

Location **North Carolina**
<https://www.genclassifieds.com/x-631708-z>

I'm looking for someone who has experience with concrete work and or painting fence and deck rails. Start as early as Monday morning. I have the tools needed for the jobs just need someone with desire to work.

Send me:

- 1) Your hourly wage needed
- 2) Contact information
- 3) When you are available: Mornings / afternoons evening
- 4) Do you have your own transportation

The work is between the McGees cross Rd and 40/42 area which is kind of between Clayton and FuQuay Varina.

Since this is outside work and due to the weather will affect the starting time. Early mornings or later in the evening and working into the night as the sun goes down is when I usually do the work outside work because the sun is brutal, just let me know if mornings or evenings is better for you.

Thanks,

Rob
