

# Floating Concrete Docks, Swim Platforms, ONLY 8 LEFT (1800 USD)

Location **Oregon**  
<https://www.genclassifieds.com/x-631872-z>

I have the Top of the line floating boat docks available for sale right now on a first come first served basis. Each one of these sections cost the State of Washington over \$7,000.00 to build. Concrete floating dock systems stood up to Hurricane Sandy's force back east and are considered to be the most advanced, safest, and easiest to maintain floating dock systems on the market.

Features include: ONLY 12 SECTIONS LEFT!

- Modular design for easy installation and reconfiguration
- Even in rough weather, the heavy concrete remains stable and safe to walk on, rising and falling with the tide and your boat. No more slack lines or damaged boats
- All utilities secured and easily accessible in utilities trough

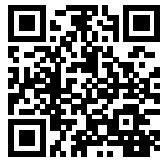

dock, dock floats, floating dock, deck, swim platform,

Now you can add low price to the list of features and benefits of these docks ...The sections we have aren't the 4x10 or the 8x8's but the big 8x10 sections. We only have 24 of these JUMBO SIZED sections left available and we can deliver them to your dock site (additional charges) and can even install them for you (additional charge thru an experienced subcontractor) Call today before they are gone
