

Roofer needed (Pottstown)

I'm looking for a licensed roofer to perform routine and emergency maintenance and repairs at a few small buildings in Pottstown.

Have a few persistent leaks that we might have to replace a section of roof to fix.

Get back to me with your experience, and daily rate. (Pottstown requires license, insurance, and registration with the Borough.)

Some slate work needed also. Give me an idea of your experience in various roofing types (shingles and slates mostly).

Thanks.
