Hello,

We understand that this opportunity may not be for everyone. Our ideal person will be senior, mature female who is patient, understanding and compassionate who has the ability to share schedules.

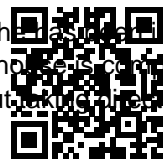

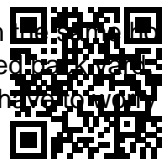

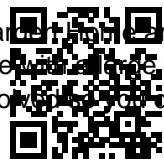

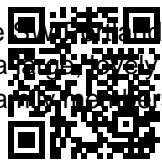

We are looking for live in Caregiver, Companion, Guardian for my Senior Mother who is challenged with Alzheimer's. We have had live in care providers living with Mom for a little over three years now. We have will have two providers living with Mom working as a team. Mom loves having providers living with her and embraces the situation. Our primary provider has been with us for just about two years.

We are looking for a long term situation that works for our family as well as you. We are not interested in a short term provider. We have two caregivers which allows Mom to have proper coverage while allowing each provider to have time away from the house for personal time and even the opportunity to work a part time job. Our team is based on mutual respect for each others needs and schedules. Our primary provider is very flexible and very easy to work with.

**** Due to the nature of her care that includes assistance with bathing and such, we are only looking for a female for this role. **** We are not looking for a Husband and Wife Team or having children living in the home. These requests are based solely on my Mother's age and current situation with dementia. ****

*** This is a non-paid position *** We are offering a master bedroom with 1/2 bath within a lovely home, all utilities, cable TV, high speed internet.

Our care providers provide meal preparation, assistance with showers and personal hygiene and assistance with restroom use. They provide companionship, personal care and a safe living environment.

Mom currently lives in the beautiful's Garden Home area in SW Portland. Mom's home should be a great place for the caregiver. Mom's home is a lovely home with a large fenced back yard. The home is completely furnished. My Wife and I live in the area. We will be the only family members involved. We don't have any children about taking care of Mom's home.

A little about Mom,

She is 77 years old and was born and raised in a ranch in eastern Oregon. She was a professional business woman before becoming challenged with dementia. She is a Christian and Mom and has a passion for the Lord. She has a great sense of humor and heart of gold. She loves animals (small dogs and cats are welcome in her home). She loves working in her large backyard. Mom works great with her current and past care providers. Mom enjoys working in her yard, going swimming at the Harmon Pool, taking walks, listening to music and watching television.

Please provide a brief overview of who you are and your experience that would make you a good match for our situation. *** Please leave your phone number and contact info. We will not respond to emails that do not have your contact information due to current email fishing scams on Craig's List right now. *** You will also have to pass a background check and have excellent references to be considered. We are a non-smoking home.

.
Please let us know if this sounds like a situation that you may consider and we can proceed from there. You will need to pass a background check and have verifiable references.

.
Thank You and we look forward to speaking with you.
