I have a job and will be gone most of the work day. I just need a place to go home to and to store my belongings, preferably within a mile or so of Spring Mill Road and Route 23.

What I'm asking for:

- A single bedroom with at least a mattress.
- Access to a full bathroom.
- Access to utilities: water, electricity, wi-fi.
- Respect for my privacy.

Desired, but not necessary:

- Access to household appliances: washer, dryer, vacuum cleaner.
- Access to the kitchen and some refrigerator space. I'd like to be able to use the microwave or kitchen stove and cook for myself from time to time.

What I am offering in return:

- Rent payments that include utilities.
- Commitment to respect your property, belongings, and fellow residents (including pets).
- Commitment to help maintain the house: vacuuming and cleaning the bedroom that I'd occupy, cleaning the bathroom that I'd use, cleaning in the kitchen if I cook something.
- Respect for your privacy.

I'm a quiet, tidy person and can promise that I will never have any guests. I conserve water and electricity. I do not smoke. If at any time you were to decide that you want to move out, I could move out without problem. I expect to have your respect and courtesy. If you have any questions or would like to know more about me as a guest, please email me using the address posted on my Craigslist page. Both internet and paper exchange emails, I would be happy to respond to you at a reasonable time that is convenient for you.
