We are currently conducting a research study on young adults, aged 15-22, and their parents.

You may be eligible to participate if:

- 1) You are a young adult aged 15-22, and live with at least one of your parents, OR
- 2) You are a parent and live with your young adult child aged 15-22

- Participants will receive \$20 each (as well as be placed in a raffle for a \$50 gift certificate to their favorite restaurant).
- The study is a onetime visit to the lab (~75 minutes), in Dewey Hall on the University of Vermont's campus, and largely consists of answering questions and interacting with ones family member.

The study requires that BOTH family members participate during the same session, so please verify that your family member shares an interest in this study.
