

mobile cheyenne pc repairpassword removal (cheyennegreeley)

Location Wyoming https://www.genclassifieds.com/x-632225-z

I have my degree, in computer science and am always fixing computers, this is not my main job, I do it on the side. I have low overhead so I am much cheaper than most the competition. I can restore your computer, upgrade your computer, setup wireless routers and printers, and I can even remove forgotten passwords on most computers. feel free to txt me to set up an.
