### PARADISE ON PINOPOLIS!!

You immediately see the beauty in this home as soon as you walk in and are welcomed with a stunning two story entry that leads to a spacious formal living room. Next you'll experience the open dining room with plenty of natural light and loaded with extras.

The home boasts hardwood floors throughout the first floor with plenty of windows spaced throughout.

The great room includes a fireplace, custom built-ins, and a peek a boo to the upstairs hall.

No paradise would be complete without an in law suite downstairs with its own entrance, presently part of which is used as a home gym.

Upstairs the master bedroom is enormous, boasting a beautiful tray ceiling sitting area and a master bath that includes walk in closets. All the bedrooms offer plenty of space and roomy closets.

At the end of each day you're able to relax and unwind in complete privacy in the coveted hot tub located in the screened in porch area.

The back yard is a favorite with in ground pool that includes three waterfalls, large pool deck and pool

house. The pool house could be a rental unit, a man cave or teen hangout.

Three large Blocks, 1/2 mile to Berkeley Elementary School.

Just a short walk to the lake. Don't hesitate, this is a dream home and worth the price.
