2001 Bobcat 773G Turbo Skid Steer (same as a S185) - 58hp diesel, 1900 lifting at 50%. Has 4400hrs. Cab and heat. Brand new complete head and gasket. Fully serviced. 2 very good tires, 2 poor. Paint is flaking badly (typical of earlier bobcat paint) and it could use a paint job but loader has not been in corrosive conditions - was used for construction. Starts, runs and operates as it should with no leaks.

Sold as-is for \$12,800 with used bucket. I will put different tires on and/or paint for additional cost. Other attachments also.
