

GUITARISTVOCALIST WANTED (WARWICK)

Location **Rhode Island**
<https://www.genclassifieds.com/x-632556-z>

Looking for intermediate level player with solid vocals. Must be useful in both areas. If you are an incredible guitarist, you still have to be an adequate vocalist. Likewise, if you are a vocal powerhouse, you still must have good guitar chops and a good sounding rig.(the smaller the better) Whatever strengths you bring to the table will be called upon to make the band the best it can be.

We are about the money. We will be moving quickly, and playing a lot of crap. Once we are established and playing often, we will strike a better balance with our material. This band is talented, and can play any type of music convincingly. We have all played for many years in some of the top cover acts in this area. We want a fifth member but we don't need a fifth member. For that reason, only the "right guy/gal" will be considered. When you call or email, leave a phone number. Don't text me, I am not a teenage girl. Music clips are fine if you have them. Maybe you are a well known local musician, or are currently in a band but looking for a change. SPEAK UP, your secret is safe with me. This is business, and confidentiality is important. Your good reputation and/or gigging experience will move you to the front of the line. Craigslist is an endless parade of douchebags with no self awareness. Try not to be that guy/gal. Ask yourself if you are really the musician that this ad describes. It's okay if you're not, but be honest with yourself and answer a different ad. Also, If you can't attend rehearsals, or are not available to gig often, don't answer this ad.

leave message with phone number
