PRODUCT OVERVIEW:

Model # R250SFE

RIDGID introduces the next generation of finish nailer performance. The 16-Gauge 2-1/2 in. Straight Finish Nailer comes standard with all the great Fasten Edge Technology features that has made RIDGID nailers stand out in the past, but now also includes new features to give the user an extra edge on any jobsite. The Straight Finish Nailer now boasts new Hex Grip over molding, oil-less motor, ACCU-Drive tip design and No-Mar Pads. All of these amazing features are backed by RIDGID's industry leading Lifetime Service Agreement. That means free parts, free service, for life.

California residents: see Proposition 65 information •Oil-less motor -- eliminates daily oiling and oil splattering on the work surface •Dry-fire lockout -- extends motor life and prevents marring work surfaces •Tool-free jam access -- for easy access to clear jams •Hex grip -- enhanced micro-texture for secure grip and maximum user comfort •Powerful motor -- able to drive 2-1/2 in. finish nails into solid oak
