This home is quietly located in the Caddy Vista subdivision. This home has three bedrooms, one of which is currently used as the office/playroom/workout area. It has one bathroom that was recently completely remodeled, a 2.5 car attached and heated garage with opener, two fireplaces (one wood and one gas), two backyard sheds, a beautifully landscaped yard with a small pond, vinyl siding, and is ready to live in with no needed work. The taxes for last year were roughly \$2,000. This home is a steal and you will know that the minute you pull into the large driveway and make your way into the immaculate interior. Since 2007, the following has been done to the home: new furnace, patio sliding door, front bay window, water heater and heat pump, carpeting, toilet, window treatments, sewer line redone, and paint. The roof was completely replaced in 2011. This is a 1955 year home that has all the updating done. The entire home is newly carpeted.
