

# Need help packing to move

Location **Tennessee**  
<https://www.genclassifieds.com/x-632795-z>

I am moving from my home and have just lost my parents and have to pack up their home too.

So I need female help doing both. Yes female, I am a female and am more comfortable when husband away .... Putting that in for those who flagged this because I asked to work with a female

I need someone who is organized because I am not the best at staying focused.

You need to be able to work along side me and at times without me.

Please be physically fit as we will be moving and lifting.

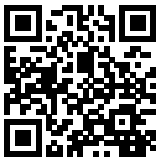

No smokers and no drugs

We will work about 4 to 8 hours a day to get this accomplished.

Email me with your name, phone and will ask for photo if we decide to meet and will send mine too.

Send me a note about you

Look forward to hearing from you
