I need someone, with a helper, who has a truck, or a van, to pick up and load a king size Tempurpedic mattress, frame, and foundations, and transport them to Va Beach, to around the Rt 13 and Shore Drive area, unload and set up the frame, foundations and mattress in my apartment. I'll pay for a tank of gas. Two guys at \$75 each, divided by 5 hours of your time, is \$15 per hour for moving a mattress. Interested? Needs to be done!
