

Need a Surveyor for Chesterfield Co. Acre (Mt Hermon Road, Chesterfield Co.)

Location **Virginia**

Hello,

I bought an acre at an auction around 2008, and haven't had it professionally, legally surveyed. I'd like to build a small structure on it, and would like to hire someone to survey it, so we can stake out the borders/perimeter.

I'm 31, not exactly on my career path yet, and don't have much to spend. I think I know what the going rate is around, but please inform me if you can help, and for what amount.

*If you have any information on the matter, I'd be grateful to hear it.
