

# Models Wanted (Charlottesville)

Location **Virginia**

Hello

I am an experienced photographer looking for new models in the area. There is no experience necessary; just an open mind and a willingness to learn. The concepts vary and I am open to hearing your ideas as well. Some concepts do pay but not all.

THIS IS NOT like every other ad, looking for "cam models." This is 100% photos not a porn cam site.

If you are interested you can see some of my previous work below and I can share more as well.

All models get to keep their photos for their own use.
