 I'm looking for a muse for my camera and my mind's eye. If you know what a muse is then you're ahead of the curve! This will require a woman (20-40) who enjoys the creative process of artistic photography and is comfortable in front of the camera in the studio and on location. Someone who is comfortable and expressive with or without clothes. (Yes, nude or implied nudes will be part of this ongoing process).

 This muse doesn't have to be a professional model. Doesn't have to have a perfect figure. Height & weight proportionate or close. The fewer tattoos the better. But if you've got quite a few I might be interested for some specific images.

 Think about it. Get back to me with any questions. If interested then send me a pic or two and we'll go from there. Please put something in your reply that a spammer would not know about Richmond. No one line responses or just a phone number. I'm for real and expect (hope) those who reply are!
