Haul (2) Snowmobiles (Vernon)

Location **Vermont** https://www.genclassifieds.com/x-632902-z

I have (2) snowmobiles located in Vernon, VT at a family camp, that need to be loaded and transported to a repair shop in Swanzey. The camp is on a small back road and has a very steep, short driveway. The sleds have been sitting for quite a few months.

You will need a trailer and labor to load them.

Email if interested, with your proposed cost

Needs to happen before Labor
