

Coonhound Pointer Puppies (Gillette)

Location **Wyoming**
<https://www.genclassifieds.com/x-632904-z>

I have a litter of 9 week old Bluetick coonhound/ German shorthair pointer puppies.7 of 11 left and ready to go to their forever home. They have their first shot (5 in 1 puppy shot) and their first dose of dewormer. They are puppy pad trained and we are working on house training, they are very smart so they are coming along very nicely. They have experience with a kennel but are not fully trained due to the fact I cant fit all of them in there. Please serious inquires only, I'm looking for them to go to a very good home who is prepared to care for a puppy, and love them forever. I'm asking a \$300 rehoming fee. Text or call for more details on them, mom and dad (on site), or more
