I'm looking for a doberman pup, 8 weeks up to a year old. Would prefer black and tan. Female. Can pay a reasonable fee for her. I have experience with the breed and currently have a young fixed goofy male who lost his 2 buddies (another dobie and a cat) and I'm sure he would love another doggy friend :)Â that being said, if shes older than 8 weeks, she must be good with dogs/cats! she will be getting fixed also. No papers needed,Â will just be a family pet. Indoor dog only. I have a fully fenced in yard. Gets to come to work with me. Anyone expecting any litters soon? Or need to rehome yours?
