

# loving child care in my home (Franklin)

Location **Tennessee**  
<https://www.genclassifieds.com/x-632939-z>

Offering loving child care in my South Franklin home. We are located in South/East Franklin between Highway 96 and 840 being closer to 840. I am currently looking for 1 child to care for in my home part time (2/3 days per week). I might be willing to do full time for the right situation. I am a stay at home Mom of 4 (ages: 13, 12, 4 and 2 1/2). The two older kids are in school and the two younger ones stay home with me. I have many years of child care experience and I am currently caring for another little boy part time as well. I'm looking for another little one to become part of our extended family. We are an active group and often make fun trips out and about to places such as the Zoo...parks...splash parks...libraries for story time. Play dates etc. We live in the country and have lots of room for the little ones to run and play! I am available Monday-Friday Morning drop off time can be flexible however I do ask that evening pick up time be no later than 6:00 pm. I am looking for a child between the ages of 2-4 if possible however I am open to other ages as well. My daily rates are very comparable to local day cares or other in home day cares. I have many good references and I have been trained in CPR and First Aid. I have a safe and clean driving record and have no problem agreeing to a back ground check! Our home is clean and smoke and animal free. If you would like more information and would like to speak with me further please respond and we can go from there! I look forward to hearing from!
