Fellow pet owner and lovers, I have 4 puppies that need to be rehomed to a forever loving home. If you are interested in being a loving pet care owner please text me for a faster response but you may also email me if you like. The rehoming fee will be 200 to ensure there rehominng will be more of permanent situation, and not a cute little phase as them being a puppy. They will require there first shots and I will send some dog food home with them and a chew toy for some familiarity to take with them. If interested please let me know thank you and have a blessed.
