My name is Eric. I am required to complete 40 hours of Community Service with a non profit organization because of a single, Simple Battery charge. I am reaching out to different organizations to see what I can come up with. I am interested not only in the services you provide but I also have a vision with the Community service in that I have a computer background as well as a DJ service. It would be nice if I can find an opportunity where I can utilize my talents to give back. Particularly with my DJ services. I have been a long time supporter of positive, conscious music of many genres to help uplift people. From speeches infused with nice music to just great, elevating music in general. Feel free to call me with any opportunities. Thank!
