Join many other talented people in bringing musical JOY to very sick and lonely people in NURSING HOMES. Our elders have earned our respect and support they are the history of this country ! We OWE them !!

Join us and let your heart SOAR when you see what this special music means to these people who NEED this musical joy SO much!!

We are trying to create a new standard for entertainment in these places because we believe they deserve more than one guy with an acoustic guitar or karaoke machine! We OWE the people of this generation more than being kicked to the curb. Let's show them that people care.

Get an idea of what we do by watching this video (although we are not always a jazz band) It depends on which musicians are available: https://www.youtube.com/watch?v=rnf1z_3W0zM

It really is an incredible feeling when you see desperately sad people come to life when you play the right music.... . the right music for THEM.

Check out these before and after pictures. For many musicians we represent some of the best moments of their lives (at least that's what many people tell us).

Here's our number... we take calls till midnight every day. Toll free: (888) 777-0764. Cell phone is (250) 500-1111. Another way to reach us is by email: joyn@genclassifieds.com. We are now becoming a part of the world's largest online community for people who want to be around people who care.
