\*\*\*\*\*They get them from out-of-state puppy mills and from people re-homing puppies, \*\*\*\*\*

Watch the news, this is EXACTLY what "rescues" and shelters do quite often.....it's ok for them to rush out of state to bring in more revenue, but not your average Joe? You only THINK these people do that, we KNOW rescues and shelters do.

Why is that ok? For every dog they bring in from out of state, one Colorado dog dies. A dog sitting right here in our state will be euthanized for lack of a home.

RESCUES do the very thing you are complaining about. THAT is why they have semi trucks, to go GET their puppy mill cash....
