

2015 Wilderness Systems Ride 115X MAX Angler wTrailer (2000 USD)

Location **Alabama**
<https://www.genclassifieds.com/x-633496-z>

I have a 2015 Ride 115X Max Angler and a multisport kayak trailer for sale. Its a super stable kayak that can be used for stand up fishing even in less than perfect conditions. The kayak has a removable electronics console for adding fish finders that will store your battery and transducer without having to drill anything. The transducer will be protected in the hull. I have mounted a rail to the top of the console so you can use any mount you choose for the head unit. The kayak also has two mighty mounts installed behind the seat for rod holders. The airpro max seat slides forward and backward to trim the boat and also has three seating positions. High, low, and leaning back. The hatches have removable trays so you can organize your gear. Kayak is in great condition other than some scratches and scuffs along the bottom from normal use. Will include a cart for easy transportation. The trailer has 3 crossbars and has only been used 5 times. Comes with tongue stand and spare tire already installed. You need a 1 7/8 ball for the coupler. The hubs have a grease port installed for quick lubing the hubs. Will sell kayak and trailer separate if requested. Kayak is 1200 obo, trailer is 800 obo if separate. Call, text, or email for more info. Edward-
