I have a 2015 Multisport Trailer that is practically new for sale. I have only used it 6 times and it has never been put in the water. It has three round crossbars that are compatible with all the major kayak and sport rack companies to include Thule, Malone, and Yakima. It has a retracting trailer stand and a spare tire mounted to it. The coupler takes a 1 7/8 inch ball and is lockable. It has safety chains and it is registered in GA until 2016. The wheels also have a quick lube port for the hubs. Call, text, or email me if your.
