

wanted adult female Yorkie (Bella Vista)

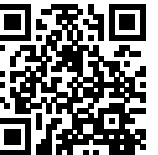

Location **Arkansas**

My husband and I have lost our 17-year old Yorkie. (Had another one for 13 years before her.) We would love to have another (female).

We are young retirees so we have a lot of time for for her. I have had a dog my entire life and have always treated them as well as though they were family. She will be taken in for shots, teeth cleaning, regular exams, etc.

Are willing to pay a small rehoming fee and if you'd like to see us in our home setting to be sure your beloved pet would have a good home, that is.
